

I've been tested for COVID-19.

What happens next?

1.

We will call with your test results in **2-3 days**.

2.

If your result is **negative** please continue to protect yourself from future infection through social distancing, hand-washing and other safety measures.

If your result is **positive**, Esperanza will give you more information on how to manage your illness, monitor your symptoms and protect your loved ones.

Esperanza will continue to check in following your diagnosis to see how you're doing and to assess your health. If you need to speak with one of our providers, please call **(773) 584-6200**. If you're experiencing a health emergency, please contact 9-1-1 immediately.

3.

This test is given at **no cost** to patients who are uninsured. If you have insurance and Esperanza is in your network, please call us at **(773) 584-6200** so we can waive the charges if you receive a bill.

4.

Finally, having a regular primary care provider is critical to your health at all times. Esperanza offers award-winning bilingual care in adult medicine, pediatrics, women's health, psychiatry, behavioral health and more to **everyone**, regardless of income, insurance or immigration status. If you are interested in making Esperanza your new medical home, please call us at **(773) 584-6200**.
