

SPONSORSHIPS

2023

Delivering health and hope for Chicago's underserved communities.

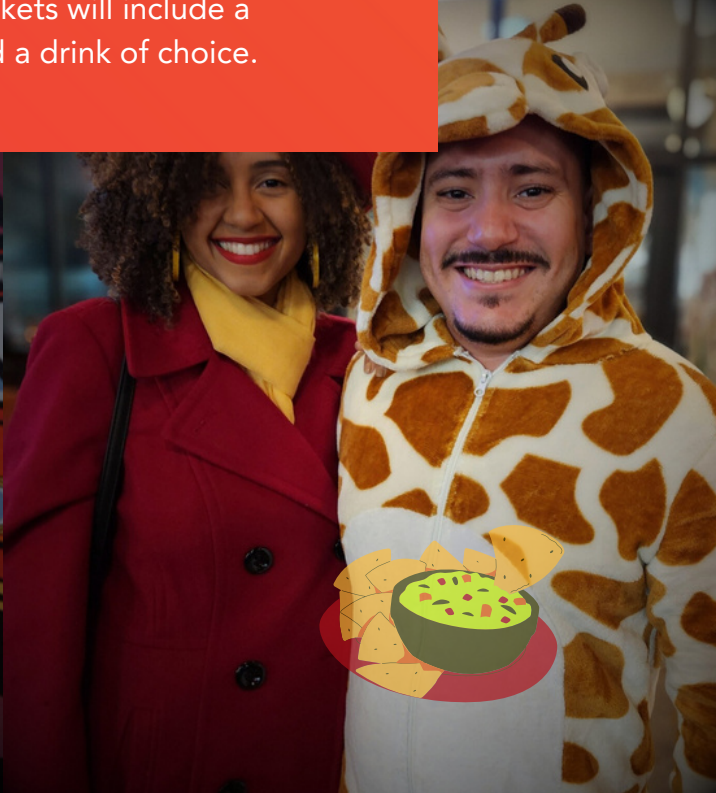

Esperanza Health Centers was started in 2004 by residents of Chicago's Little Village neighborhood to bring more affordable health services to their primarily-Mexican neighborhood. From a small community clinic on South California Avenue, Esperanza has grown to become one of the largest community health centers in Chicago and one of the most celebrated in the country. With five clinical sites and two community resource centers across the southwest side of Chicago, Esperanza delivers care in adult medicine, pediatrics, obstetrics and gynecology, behavioral health, substance use treatment, HIV prevention, and others to more than 50,000 patients a year without regard to income, insurance or immigration status.

As we begin our 20th year of service, Esperanza stands at the beginning of a new chapter. In October of 2022, Esperanza broke ground on a 43,000 square-foot facility that will further expand access to primary care while serving as the home for a new senior care center and family medicine residency program. With more than 30 exam and counseling rooms, community areas, a public café, a green plaza, and more, our new building will complete our vision for a health campus in the heart of Brighton Park and deliver award-winning quality care to tens of thousands of additional residents on Chicago's southwest side.

Celebrate a festive fusion of Taco Tuesday and Halloween at Esperanza's annual **Tacoween**. Guests will enjoy a *fang*-tastic evening full of tacos, drinks, games, and more. We invite everyone to put on a costume and have a *spook*-tacular night together.

This fall, we are excited to host at the amazing Mi Tierra restaurant on October 24th, 2023. Tickets will include a three-taco dinner, rice and beans, and a drink of choice.

Tacoween
