2026

Over 20 years of health and hope for Chicago's underserved communities.

Esperanza Health Centers opened its first clinic in 2004 with just three providers in the primarily Mexican neighborhood of Little Village. Today, Esperanza provides care to over 55,000 patients a year across eight different clinics.

Not only have we grown in size and impact, but our services have expanded, too. Esperanza delivers care in adult medicine, pediatrics, obstetrics and gynecology, behavioral health, substance use treatment, HIV prevention, and more, and also invests in vital programs like Sabor y Salud, which provides nutritious foods to people in need. What has not changed through the years is Esperanza's commitment to top-quality care for all regardless of a person's income, insurance, or immigration status. Today we celebrate this important milestone while looking forward to the next chapter in Esperanza's story.

Our Gala
